

SEARCH ENGINE MARKETING

Delivering new customers to your business

Search engine marketing drives the right customers to your business and turns searches into revenue. Market your business to the people looking for local products or services like yours.

We maximize your conversions by including an SEM Landing Page for free. This is a standalone page specifically designed to turn visitors into customers.

66% of B2B marketers report using SEM, making it the most paid marketing tactic among B2B companies.

CONTENT MARKETING INSTITUTE

The average number of Google searches per minute is **2.3 million**.

GOOGLE

Nearly **1 in 4** searches across all devices occur on Bing.
